DRUGLESS AND NON-SURGICAL TREATING ROOM

THE BAR OF PUBLIC OPINION

CHIROPRACTIC, the greatest health discovery of the Twentieth Century, has been tried at the bar of public opinion and has received a unanimous verdict of approval. Men and women, who at the start were skeptical as to the efficacy of this science, have become staunch believers in it when they have seen what it has done for their sick friends and neighbors. Investigate for yourself this science and find out by personal application.

CHIROPRACTIC

THE NEW HEALTH SCIENCE

Will Pressure Upon Nerves at the Spine Cause Disease?

Alfred Walton, M.D. (Harvard, 1879), says: "The spine has more to do than any other factor with the maintenance of health on the one hand or the establishment of disease on the other."

If you are SICK and have tried everything else and received no benefit, take

CHIROPRACTIC ADJUSTMENTS and GET WELL.

Statistics show that 85% of all chronic cases and 95% of all acute cases yield to Chiropractic. Why not investigate it for yourself?

The success I have had in the past fourteen years is a guarantee of the excellence of the results you will receive in the future.
